

# Performance Industries Level 2

Perfect if you are looking for a career in the performance industries and want to experience a range of professional roles, including stage management, lighting and sound design, performance and direction and choreography.

## Content

You will develop your understanding of performance industries and the roles that are vital to the industry so that you can determine the most suitable pathway for you.

You will have the opportunity to be part of a successful company and perform a number of roles to appreciate how these roles interlink within a production and within a company.

Links with industry are key to your studies and you will have the opportunity to meet industry professionals and organisations to embed your studies with real-life experiences and understanding.

Furthermore, you will have the chance to develop relationships with casting agencies and improve your knowledge of the auditioning process.

You will be tasked to work as part of a team on projects and also source and develop your own live projects from clients, improving your ability to generate contacts and business opportunities.

You will develop your transferable skills, which can be used across any industry, and prepare you for employment and self-employment, such as networking, personal promotion and managing you as a business.

Trips and excursions to performances and events will support your learning through understanding the industry and opportunities available in the wider community.

This Study Programme will include English and maths at an appropriate level, and it will support the development of skills towards employability and suitability to progress onto the next level of study.

## Requirements

4 Ds or 3s including English and maths or a relevant full level 1.

## Assessment

You will learn through practical and written assessments and build a portfolio of work.

## Fees & Costs

If you are 16-18yrs old at the start of the Study Programme, it will be free. There may be additional payments required for trips, visits and other materials. For adult learners (over 19) financial support towards the costs of your Study Programme may be available. Eligible students may be able to get help with course related costs such as travel, equipment and childcare.

Please contact Support Services for confirmation of all Study Programme fees quoted:

Broadstairs Campus - 01843 605062 (or e-mail [broadstairs@eastkent.ac.uk](mailto:broadstairs@eastkent.ac.uk))

Please note: For those claiming state working age benefit this course is classed as part-time.

## Opportunities

Successful completion of your Study Programme means you can progress on to Performance Industries Level 3, focusing on a chosen professional pathway or into employment.
